Crime in Chicago has been tracked by the Chicago Police Department's Bureau of Records since the beginning of the 20th century. The city's overall crime rate, especially the violent crime rate, is higher than the US average. Chicago was responsible for nearly half of 2016's increase in homicides in the US, though the nation's crime rates remained near historic lows as of 2016.

3. Low crime rate. Low crime rates give a neighborhood a sense of ease and calm. Crime rates are a quick way to tell if a neighborhood is improving or not, since everyone is concerned with safety and security. You can usually spot a transitional and improving neighborhood by the improvement in its crime rates.
