Software Engineering A Practitioner39s Approach
For almost three decades, Roger Pressman's Software Engineering: A Practitioner's Approach has been the world's leading textbook in software engineering. The new seventh edition represents a major restructuring and update of previous editions, solidifying the book's position as the most comprehensive guide to this important subject.

Software Engineering: a Practitioner's Approach: Pressman ...
Sadly, software engineering is a big grab bag of topics necessarily focuses on how high ceremony, high discipline projects work. Real projects almost never see the kinds of specialization and formalism described in a software engineering class, except for big ticket, high cost, cannot fail, bureaucratic projects.
